

# POLLUTION LIABILITY

## Get Advanced Coverage for Your Site Specific Pollution Liability with Hull & Co.

Site Specific Pollution Liability provides coverage for specific sites or locations. Designed with medium to large contractors in mind, a site pollution liability policy offers the flexibility to tailor coverage based on the contractor's needs. The policy can be used to insure the entire property or just specific to an underground storage tank. Choose to cover against new conditions, unknown pre-existing conditions or even property damage.
